

ALABAMA ASIAN CULTURES FOUNDATION

MISSION STATEMENT

The Alabama Asian Cultures Foundation (AACF) was established to nurture and support artistic and cultural organizations within the Asian communities in the metro Birmingham area, and in the state of Alabama. These efforts will enable Americans of all cultures to enjoy and celebrate Asian arts and cultures. Encouraging interactions among different cultures through education and artistic and cultural programming will promote diversity, and international understanding and friendship. The mission will ultimately be fulfilled through an Asian Cultural Education Center, a classical Chinese Garden, and an International Friendship and Peace Plaza.
